

Redbank Valley Trails Association Giving Opportunities

How your donations will be used:

- ◆ Refresh the crushed limestone
- ◆ Amenities (port-o-johns, picnic tables, shelters, etc.)
- ◆ Drainage improvements at landslides & to preserve the corridor from erosion
- ◆ Trailhead Parking
- ◆ Signage to help people find the trail
- ◆ More historic markers
- ◆ Maintenance Fund

The hard work of our volunteers continues, but RVTA needs funding to continue improvements and perform needed maintenance. Funds are needed to buy fuel for equipment, replace equipment, and we need a **lot more** crushed limestone to keep the trail in good condition. The hard work and quality is admired by many, but depends almost entirely on donations which are tax deductible to the full extent of the law.

Redbank Valley Trails' connection to Armstrong Trail, Erie to Pittsburgh and as part of the developing PA Wilds Loop trail networks is and can bring more great recreational, business and tourism opportunities to our region. Will you consider a donation to help us maintain our progress and expand recreation and tourism opportunities in our area?

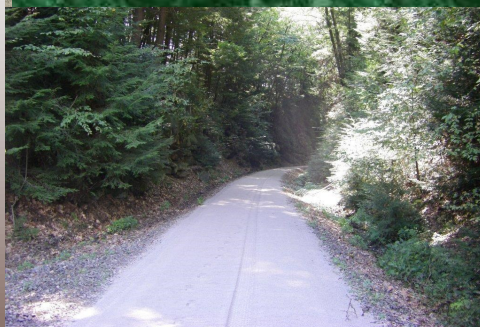

"I had the good fortune to ride the trail for the 1st time as part of my Western PA "staycation." I've ridden just about every rail trail within 2-hours of Pittsburgh & this trail is absolutely beautiful! Another big plus - zero road noise - just the sounds of nature. Thanks for all the hard work. I will do my best to promote this trail to my fellow bikers in the Pittsburgh area. It's wonderful to see another beautiful trail come to life!"

"I frequently use the trail for running & XC skiing. It's always a nice peaceful place to enjoy nature & its beauty. I appreciate all of the hard work that has been put forth by countless volunteers who demonstrate selflessness to make our community better."

"This is my new favorite trail!"

"A BIG thank you to all the volunteers who have taken time out of their lives to clear and grade this magnificent trail. Your time and effort is truly appreciated. This trail will be a great asset to all the communities along and around it."

"I've seen a lot of trails and this trail is just as pretty as the Pine Creek Trail in the Little Grand Canyon of PA."
